

job opportunity;

Experienced Traffic Engineer/ Transport Planner

ptc. is a boutique consultancy firm offering a unique set of services in the transport sector for over 30 years with a team of specialists in traffic engineering, transport planning, road network modelling and parking design.

Our head office is located in Cammeray, from which we service clients all over Australia as well as overseas. Our clients include a wide range of blue-chip companies in the property sector and leading government agencies, operating within all land-uses (airports, hospitals, universities, shopping centres, public, commercial and residential developments).

Our well consolidated team provides a nurturing environment where the human element is of utmost importance. We treat our staff and our clients as we ourselves expect to be treated. You can check our values as well as the details of the team, clients and projects on our website at www.ptcconsultants.co

Job Summary

Due to our success and continuing growth, we are looking to expand our team in Sydney with the addition of an experienced engineer/ planner to join the team of traffic engineers and planners.

This fantastic full-time opportunity will provide the right candidate with access to a wide range of projects in the transport, traffic and parking sectors. You will have the opportunity to support management in leading a motivated team of professionals, business development as well as bid and proposal preparation.

Skills and Attributes

- Bachelor degree in Civil Engineering, Traffic Engineering, Transport Planning or a related field
- Demonstrated experience (min 5 year) in a similar role including extensive knowledge of traffic engineering, transport planning, policy and practice
- A strong background in a private practice, ideally with good contacts in government authority bodies and in industry (property owners, developers, architects, town planners)
- Proven experience in transport & land use planning and assessment of Development Applications (DAs)
- Demonstrated knowledge of sustainable transport theory and practice
- Team support experience, including project delivery and skills transfer
- Ability to manage and strengthen relationships with new and existing clients
- Strong commitment to continuing professional and self-development

- Excellent written and oral communication skills, including the ability to communicate with a range of stakeholders
- A proactive attitude with a strong commercial approach whilst delivering professional services of the highest standard
- Demonstrated problem solving skills, initiative and ability to respond effectively to change
- Proficiency in design and traffic modelling packages (e.g. Sidra)
- Demonstrated ability to manage projects and to achieve quality outcomes within agreed timeframes and budgets with minimal supervision

We value our staff and reward them appropriately with a highly attractive salary package and a range of benefits, which include but are not limited to:

- Flexible work hours
- Annual Performance Bonus for eligible staff
- Training and development opportunities

For a confidential discussion, please call our Business Manager, Herman Vargas, on 433 961 660. Alternatively, please send your resume and cover letter to info@ptcconsultants.co

good luck;
